

Why This Plan Was Development:

Over the past 35 years, Dr. Pye has received many inquiries from his patients concerning dental insurance. A large percentage of these patients could not obtain any type of coverage at any price! All regular dental insurance requires group participation and the few individual plans available have for various reasons been deemed incompatible by Dr. Pye with the high standards of quality care associated with his office.

Therefore, in order to provide **Low Cost, High Quality** dentistry, we have developed our own "in-house" dental plan **exclusively for our own patients.**

This plan is unmatched for Low Cost, Quality Care and Wide Scope of Benefits.

What Will The Plan Provide?

- 2 Cleanings with exam at same visit (includes tooth scaling and polishing)
- 1 Set of X-rays with exam
- 2 Fluoride Treatments for Children

All other dental procedures listed, at **Greatly Reduced** fees. (See Fee Schedule of included services).

Advantages of Our Plan Over Dental Insurance:

- No maximum for benefits
- No deductible
- No exclusion on pre-existing conditions
- No claim forms or other "red tape"

Provisions of Plan:

Services and fees are guaranteed for one year.

Two week waiting period (waived if joined on initial visit)

The annual pre-paid fee is non-refundable.

Our plan is for you and is non-assignable to another person.

One year time limit for completion of all services provided by The Plan.

Production started before the end of The Plan will be completed if the work can be finished within one month after the expiration of The Plan year (at Doctor's Discretion)

*It is the responsibility of the patient to make sure they receive and show up for their two cleanings & x-ray appointments.

***Appointments are required. There is a \$25 fee for a ½ hour broken appointment without giving advance 24 hour notice. Then \$25 for each additional ½ hour (such as 1 hour of longer appointment) without giving advanced 24 hour notice. The fees must be paid before the next appointment is scheduled. NO EXCEPTIONS.**

Only dental procedures listed in the Fee Schedule are included. Any other work or referred specialty work will not be included and regular, customary office fees will be charged.
